## Dampier Receives \$934k Tax Refund for R&D Activities

✦ Tax refund of \$934k received

✦ Further strengthens Dampier's cash position

Dampier Gold Limited (ASX: DAU) ("Dampier Gold" or "the Company") is pleased to announce that the Company has received a \$934k refund as part of its 2011/2012 tax return.

The refund was due to eligible Research and Development ("R&D") activities that the Company undertook on its Plutonic Dome Project during the June 2012 financial year. The "R&D Tax Scheme" is jointly run and administered by AusIndustry and the Australian Tax Office and helps companies offset some of the costs of R&D activity with the aim of helping companies to innovate.

The refund was in cash and complements the capital raisings undertaken by the Company recently. In total the Company has raised and received \$2.47m during the December 2012 quarter from a share placement to Columbus Minerals in October, a Share Purchase Plan ("SPP") and SPP shortfall placement in November and December 2012 and the R&D tax refund.

The funds will be used to advance exploration at the Company's flagship Plutonic Dome Project.
